US	Installation and operation of the attic ladder must be carried out in compliance with the installation instructions and user manual. Safety of use depends on the implementation of all actions shown in the installation instructions and use of the attic ladder in accordance with all points shown in the user manual. WARNING! Using the attic ladder in violation of the instructions is strictly forbidden as it may cause a serious accident, it voids the Warranty and makes the Manufacturer no longer liable for the product.
ES	El montaje y el uso de la escalera debe llevarse a cabo de acuerdo con el manual de instalación y el manual de uso de la misma. La seguridad de uso de la escalera depende de la correcta realización de todas las acciones indicadas en el manual de instalación y uso de la escalera de acuerdo con todos los puntos indicados en el manual de uso. ¡PRECAUCIÓN! Está prohibida la utilización de la escalera que no sea conforme con el manual de instrucciones, porque puede causar un accidente grave, deshabilita la garantía y hace que el fabricante no se responsabilice.
FR	Le montage et l'utilisation de l'escalier doivent être réalisés dans le respect de l'instruction de montage et d'utilisation. La sécurité d'utilisation dépend de la réalisation de toutes les activités indiquées dans l'instruction de montage et d'utilisation de l'escalier. ATTENTION! l'utilisation des escaliers contrairement à l'instruction est interdite, elle peut provoquer un accident grave, annulation de la garantie et manque de responsabilité du fabricant.

US	Check diagonals and adjust installation screws if necessary
ES	Compruebe las diagonales y ajuste los tornillos de instalación si es necesario
FR	Vérifiez les diagonales et ajustez les vis de montage si nécessaire

D1=D2

US	Carefully unfold the ladder while bending the last section to the back as shown on step 14
ES	Despliegue con cuidado la escalera mientras dobla el último segmento hacia atrás como se muestra en el paso 14
FR	Dépliez soigneusement l'échelle du grenier tout en dépliant la dernière section vers l'arrière, comme indiqué à l'étape 14

13

14

US	Measure required distance to the finished floor. Transfer the measurements onto last ladder section as shown above.
ES	Mida la distancia necesaria hasta el piso terminado. Transfiera las medidas al último segmento de la escalera como se muestra arriba.
FR	Mesurez la distance requise par rapport au sol fini. Transférez les mesures à la dernière section de l'échelle de grenier comme indiqué ci-dessus.

US	In case when cut line aligns with ladder step, remove that step - as shown in section 15
ES	En caso de que la línea de corte se alinee con el escalón de la escalera, retire ese escalón, como se muestra en la sección 15
FR	Si la ligne de coupe coïncide avec la marche de l'escalier, retirez la marche de l'escalier - comme indiqué à la section 15

US	Last ladder section should have minimum two steps left after cut
ES	El último segmento de la escalera debe tener al menos dos escalones restantes después del corte.
FR	La dernière section de l'escalier doit comporter au moins deux marches lorsqu'elle est coupée

THERMO INSULATION

**WARNING!**

US

The bottom section must flush with the floor. Failure to proper adjustment of the ladder could result in unnecessary stress on the component parts, resulting in serious injury.

ES

La sección inferior debe estar a ras del piso. Si no se ajustan correctamente los pies de la escalera podría producirse un esfuerzo innecesario en los componentes, y esto puede resultar en lesiones graves.

FR

La section du bas doit arcehvêtrer pile au plancher. Un réglage incorrect des pieds de l'échelle peut générer des contraintes superflues sur les pièces, pouvant entraîner une blessure grave.

14

US

If the ladder is too long go back to step 14

ES

Si la escalera es demasiado larga, vuelva al paso 14

FR

Si l'échelle est trop longue, revenez à l'étape 14
